AUSTRALIAN MANUKA HONEY IS A WELLNESS WONDER

Our honey is raw, not heat treated, not blended and cold extracted with an exceptional taste and renowned therapeutic and antibacterial properties. We specialise in unique high bio-active Manuka honey as well as Australian Certified Organic Manuka honey - offering the best nature has to offer.

ANTIBACTERIAL ACTIVITY OF MANUKA HONEY, SUGGESTED USAGE:

MGO stands for Methylglyoxal - the unique compound that indicates the antibacterial level of authentic Manuka honey. Australia has over 86 species of the *Leptospermum* bush renowned for producing high quality Manuka honey.

ABOUT BIOSOTA

BIOSOTA is a family-owned business based on the Gold Coast, Australia. We are specialising in premium quality Australian Manuka Honey, with generations of beekeeping experience and with a touch of passion and love for what we do. BIOSOTA means 'natural-hexagon' which is what the bee creates naturally for protection. We refer to it as 'natural endurance' - what our honey can provide for you and your family.
