

ORGANIC WINES  
FARM  HAND

AUSTRALIA'S #1 ORGANIC RANGE

From its home in the Monash Valley and McLaren Vale, Farm Hand aims to be the leading organic wine specialist in Australia. Our goal is to source wine from the most sustainable organic vineyards from trusted growers in South Australia. With no fertiliser or pesticides, as well as being vegan friendly with minimal preservatives, we want to create wines that are pure expressions of the regions they come from.

The Farm Hand wines are grown by the Grigoriou family, fourth generation wine growers from organic vineyards located in South Australia.

From Chardonnay to Shiraz, there's a Farm Hand wine for every palate and made with minimal additions so it's as mother nature intended.

*"Farm Hand are perhaps the best organic wines you'll find under \$15 - a marvel for the price."*

Mike Bennie, The Wine Front
